# PRESIDENT IS INJURED.

Trolley Car Crashes Into the Vehicle Con-  
taining His Party.

Secret Service Detective Craig, Who Had Been the Presi-  
dent's Bodyguard Since He Took Oath of Office, Has  
His Life Instantly Crushed Out.

President Roosevelt Sustains Some Injuries, One a Cheek Wound and  
Governor Crane, of Massachusetts, is Also Slightly Injured.  
An Unfortunate Close to Roosevelt's Tour of  
the New England States.

Lenox, Mass., Sept. 3.—A serious accident befell President Roosevelt  
and party while enroute aboard a landau from Pittsfield to Lenox, shortly  
after 10 o'clock this morning. President Roosevelt and Governor  
W. Murray Crane, of Massachusetts, were slightly injured and secret service  
officer Craig was killed. Secretary Cortelyou and other members of the  
party were unhurt. The landau was struck by a trolley car on the tracks  
of the Pittsfield Street Railway Company. The vehicle was overturned  
and all the occupants were thrown heavily to the ground. Secret service  
officer Craig was caught under the heavy wheels and his life crushed out.

President Roosevelt had a very narrow escape from serious injury or  
death. As soon as the accident occurred, knowing full well that the news  
would travel fast and might be exaggerated, the President ordered a man  
to rush here on horseback with the news. The messenger came into town  
greatly excited, and his horse was covered with lather. Physicians have  
gone from this town to the scene. The exact condition of Governor Crane  
is not known further than, as the messenger says, he was "slightly injured."  
President Roosevelt spent last night as the guest of Gov. W. Murray Crane,  
at Dalton. He, accompanied by his party, left there at 8 o'clock this morn-  
ing for a landau drive.

The President was slightly injured in the accident this morning, but  
his injury was not serious. It is more in the nature of scratches and  
slight bruises from the fall.

The electric car that ran into the President's landau was running 30  
miles an hour.

Detective Craig came from Chicago and had been with the secret ser-  
vice for a number of years. He had been the President's personal body-  
guard ever since Mr. Roosevelt took the oath of office.

Craig was in the U. S. cavalry. He was a great swordsman and an all  
around athlete.

After the accident which happened a mile out of Pittsfield, a fresh span  
of horses were put in the landau and President Roosevelt continued the  
journey to Stockbridge, where a special train was waiting for the party.  
In the landau when the accident occurred were President Roosevelt, Gov-  
ernor Crane and Secretary Cortelyou. Craig, the secret service man, sat  
on the box with the driver, who was knocked senseless and taken to a  
hospital.

## President Sustained Cheek Wound.

Lenox, Mass., Sept. 3.—No one understands how the accident to the  
presidential party happened. The landau was crossing the track diagonally  
when the car struck. Craig was thrown under the car. The wreck of the  
landau fell on President Roosevelt. He was cut in the cheek but was able  
to get up immediately.

policy of the Democratic party in Ohio  
to endorse at state conventions the  
candidate of the party to be voted for  
at the next legislative election of a  
senator.

## ANTI-SERVIAN

Sentiment Causes a Riot in  
Hungary.

Vienna, Sept. 3.—At Agram, Hun-  
gary, anti-Servian sentiment broke out  
in rioting last night. Houses were  
burned, a Servian was shot at and half  
the police force and over 1,000 rioters  
were more or less seriously injured.  
The town is now in a state of siege.  
Soldiers today are busy clearing the

streets. Peasants and students are  
demolishing everything in sight.

## HAWKEYE DEMOCRATS

Hold Convention in Which Harmony is  
the Distinctive Feature.

Des Moines, Ia., Sept. 3.—Harmony  
seemed to be the distinctive feature  
when the Democratic state convention  
met today. Apparently there were no  
prospects of a fight over any of the  
subjects with which the convention  
had to deal. Though no candidate for  
governor is to be named, there was  
great interest in the nominations for  
state offices. A brief meeting of the  
state central committee was held, an  
auditing committee was appointed and  
routine business transacted.

H. C. Taylor, temporary chairman,  
congratulated the delegates upon the

outlook for Democratic success at the  
polls this fall. In regard to national  
issues he touched upon the Philip-  
pines, tariff revision and trusts. A  
good portion of Mr. Taylor's speech  
was devoted to the subject of taxa-  
tion and other state affairs.

There are numerous names men-  
tioned for nearly all the places on the  
state ticket and the final selection is  
problematical. The candidates to be  
named are for Secretary of State,  
Treasurer, Attorney General, Judge of  
Supreme Court, Auditor, Railroad  
Commissioner, Clerk of the Supreme  
Court and Supreme Court Reporter.

## CORRUPT MACHINE

Of Republican Party in Pennsylvania  
Runs Against Severe Snag.

Philadelphia, Pa., Sept. 3.—Republi-  
can political affairs in the Keystone  
State reached the boiling point today  
when both factions of the party held  
meetings in this city. The Union Re-  
publicans or anti-Quayites, assembled  
in state convention in Market Field  
Hall this morning, and were called to  
order by Chairman Frank M. Riker, the  
purpose of the convention is to elect  
candidates for governor, lieutenant  
governor and secretary of internal af-  
fairs. There is talk of an effort to  
induce the convention to endorse Judge  
Pennington, the gubernatorial candi-  
date of the regular Republicans, later in putting up an independent  
and there is also report of a sentiment

among the delegates favoring the in-  
dorsement of ex-Governor Pattison,  
the Democratic candidate. Indications  
however, point to the nomination of  
independent candidates for the three  
offices to be filled.

Additional interest is given the situ-  
ation by the presence in the city of  
order by Chairman Frank M. Riker, the  
state committeemen of the regu-  
lar Republicans, who assembled in ac-  
cordance with the recent call of Sena-  
tor Quay. Speculation is rife as to  
whether they are here in an endeavor  
to make a deal with the Union con-  
vention or to balk the plans of the  
regular Republicans, later in putting up an independent  
state ticket.

## A GRAND SUCCESS

The Pittsburg Exposition Promises to  
Be--Good Music.

Pittsburg, Pa., Sept. 3.—From all  
indications the annual Pittsburg Ex-  
position which opens tonight will be  
the most notable affair of the kind  
ever held in this part of the country,  
including a miniature reproduction of  
the Marquette disaster. The seasons  
music will be furnished by Sousa's  
band and Danabroski's orchestra.

## DAUGHTER

Of Well Known Editor Mar-  
ried to an Italian.

Chicago, Ill., Sept. 3.—A wedding of  
note today was that of Miss  
Bertha Nixon, daughter of William  
John Nixon, former editor of the  
Chicago Inter Ocean and a prominent  
Republican leader, and Dr. George de  
Farnovsky of Nice, Italy. The bride  
was attended by her sister, Miss  
Mary Nixon, and the best man was  
Mr. George Oakley, of New York.  
After an extensive bridal tour through  
Europe, the couple will return to  
Chicago for their future residence.

## FAMOUS AUTHOR.

Dr. Edward Eggleston Goes  
to His Last Reward.

Glenn Falls, N. Y., Sept. 3.—Dr.  
Edward Eggleston, famous author and  
novelist, died last night at his cottage  
at Lake George. Apoplexy was the  
cause of his death. His most famous  
work was "The Hoosier School-  
master." Dr. Eggleston was born at  
Vevey, Ind., Dec. 10, 1837.

## STILL BURNING.

Flames in Pocahontas Mine  
Not Yet Subdued.

Cooper, W. Va., Sept. 3.—Every-  
thing is quiet in the Flat Top Coal  
field this morning. There has been  
no violence since the shooting yester-  
day after the Pocahontas mine was  
discovered on fire. The fire in the  
mine is still burning and the opera-  
tors now think it will be a week or  
more before the flames are entirely  
subdued.

Glasgow, Sept. 3.—It is stated posi-  
tively today that Sir Thomas Ligon  
will challenge for America's cup next  
year with Shamrock III, now building  
at Dumbard of Scotland, from Wm.  
Pile's designs.

## THE WIDOW

Forced to Fight For Her  
Share of the Estate.

Cape May, N. J., Sept. 3.—What  
promises to be one of the most notable  
will contests in the legal annals of  
New Jersey, came up for hearing in  
court here today. The contest is that  
over the will of the late Captain P.  
M. Weston, formerly of Tuckahoe,  
this county. The Weston estate  
amounts to about a quarter of a mil-  
lion. The contestant is the widow,  
who was left out in the will.

# TOWARD THE TOP NOTCH.

## Indiana is Creeping in the Production of Oleaginous Fluid.

### During the Month of August a Decided Advance Was Made in Hoosier Oil Field Production --A Report by Counties.

The Indiana fields are rapidly coming up, and during August moved another decided step forward in the race with the Buckeye districts, though the difference in new production for the two months is much larger than was shown for July. At any rate, the Hoosier field is the center of activity which must stamp it as one of the best oil producing regions in the country and there is a steady progress which promises continuous advancement.

In the various districts of the Hoosier state there were completed during August 279 wells, with a new production amounting to 4,926 barrels, and 34 dusters. These figures reveal a decrease in the number of wells amounting to 9, and a gain in new production of 147 barrels. The dusters are a stand-out.

One noticeable feature of the reports for Indiana is the large number of wells in the Grant county field, which are recorded as drilling, and have so been carried from the previous month. Many of these may be said to be completed, but have not yet been gotten into such shape that an accurate gauge of their production can be obtained, so they are carried as drilling until the correct figures may be secured from a 24-hour gauge. A glimpse at the record of new work will show that if previous averages are maintained the Hoosier field should be expected to do something elegant in the way of new production during the current month.

**Grant County's Record.**

More than one-third of all the new wells in the Indiana fields were located in Grant county, that county showing for 84 wells completed, with a new production amounting to 1,590 barrels, and 9 wells in the duster list. These figures are to be compared with the record of 108 completed wells and 147 barrels production in July, thus showing a decrease of 10 in the number of wells, but a gain of 6 barrels in production. The average of production has increased from 17 to 19 barrels per well. The county should have a much better record for the coming month, as new work is being prosecuted with great vigor. As it stands at present, the town lot development does not hold out much promise for continued good results, as the wells in west Marion, about Jonesboro, and south Marion have been crowded pretty closely, and there will be little room left upon which to put down new wells. Taken all in all, the majority of operators would generally prefer to see the work conducted out in the open, where larger tracts would be developed, and where, if a good well was secured, it would be followed up with further operations. As it is now, some excellent producers were drilled in the west Marion and other districts, but no new wells can possibly be located on the small lots, and the work is at a standstill. The Van Buren and Washington township districts are really those of most promise, and in the latter especially there appears to be a good outlook for progress in the future.

**Wells County's Record.**

In Wells county, the number of wells completed during August was 77, with a new production amounting to 1,256 barrels, and 4 dusters. For July the figures were 76 completed wells and production of 1,255 barrels, thus showing a gain of 1 in wells completed, but a decline of 269 barrels in output. The new wells have an average daily production of 16 1/3 barrels, which is not bad for a pretty well developed territory. Wells county is still next to Grant in amount of production, and these two furnish considerably more than half the entire output of the Hoosier field.

Adams county still continues to show increases in production, though the number of wells is less than were completed in July. The figures for

August show 23 wells completed with a production of 664 barrels, while in July there were 39 wells and 641 barrels output. The loss in wells is thus 7, while in output there was a gain of 27 barrels. Adams has been steadily increasing since June, when it was in the list of losers as compared with the month previous.

Blackford county has the largest gain of any in the field, and now stands fourth in amount of new production for the different counties. The record of this county for June was surprisingly large; in July, decreases followed, and in August it comes to the front again with a larger production than two months previously. The figures compiled for this report show that there were 42 wells completed with a production of 562 barrels, as compared with 26 wells and 330 barrels production in July. The gain is thus 6 in wells and 22 barrels in production. The average output per well has increased from 13 1/4 barrels to 18 barrels in August.

Huntington county also shows a general increase for the month of August, the number of wells being 15, with a production amounting to 495 barrels, as compared with 9 wells and 280 barrels production in July, the gain thus being 6 in wells and 129 barrels in output. The average output of wells in this county is greater than in any other of the Hoosier districts, those completed in August having an average daily output of 27 barrels while for July the average was more than 30 barrels. There are no dusters recorded for the county. Development work in this district is being extended to limits hitherto thought profitless, and it would not be surprising if Huntington would furnish some pretty good production after many other of the Hoosier districts are exhausted. It looks as if there was considerable territory outside the present limits which ought to be good for oil but time and the drill alone will determine this point.

Jay county had 8 wells completed in August, two of which were dry, while the others had a production amounting to 55 barrels. The same number of wells were completed in August, but the production then amounted to only 30 barrels; thus showing a gain for the past month of 65 barrels.

In Madison county there were 6 wells completed during August, with only 1 dry, and new production amounting to 55 barrels. This production is all gain, as the five wells completed in July were all dusters. The old Alexandria field has done pretty well in August, and may still be counted as on the oleaginous map, though its present work looks pretty scant in comparison with what has been done in days gone by.

Delaware county has 5 wells to its credit in August, with new production amounting to 75 barrels, and 4 dry ones. These were not necessarily dusters, but produced nothing aside from gas, and this cannot be reckoned as an asset for oil companies. In July there were 6 wells complete in this county, with an output amounting to 83 barrels, hence the difference is a loss of 1 in wells and of 8 barrels in production.

Randolph county did poorly during August, with 8 wells to its credit and new production amounting to only 35 barrels, as compared with 163 barrels from the same number of wells in July.

## Again in Charge of the Revenue Office.

### Took the Oath of Office at Toledo Yesterday.

#### The Reappointed Collector Tendered a Banquet by Clerks and Deputies at the Boody Last Night.

Monday morning the books, accounts, vouchers, bonds, etc., of the revenue office for the Tenth district were inspected and audited at Toledo by Revenue Agent W. E. Sewell, of Chicago, and Col. George P. Waldorf qualified for the reappointment, filed his bond and took the oath of office for another four years. The deputies and clerks in the office also filed new bonds and were sworn in.

This will put at rest, for a long time at least, all speculation as to who is to be the successor of Col. Waldorf. His bond has been renewed for four years and accepted.

Last evening at the Boody house in Toledo the clerks and deputies and several who have formerly been connected with the department here tendered the colonel a banquet.

The event was the most enjoyable throughout, covers being laid for 27 persons, who sat down to as fine a nine-course spread as any epicurean might wish for. Thomas F. McSheehy, of Fremont, was the toastmaster of the evening, and delivered a very appropriate address congratulating Mr. Waldorf and deputies upon the reappointment.

## In a Lifetime is an Opportunity Given

### Which Will Prove the Equal of That Now Offered.

#### The Most Wonderful Benefaction of This or the Coming Age —A Wonderful Discovery Made.

There is a discovery more revolutionary and far-reaching than any advance made during the last century. It does not do our limbs, but many it throws open all the doors to health and as a result, strengthens the entire system, mental and intellectual faculties, and makes life one long blissful dream.

As a benefactor to health and success, it reigns supreme, and is positively the only method of cure for the many so called incurable diseases known to the people, medical fraternity and science.

It is known as Dr. Wood's New Method of Treatment, with which the afflicted can be treated and cured at their homes after once seeing him, with as satisfactory results as though attended by him personally.

It is a method that has won praise from the people and the most noted professors of the world of today, and for the sick and suffering, it is the cheapest and most excellent, condensed and effective treatment known.

It is his own original discovery, and after many years of study and labor, he has succeeded in completing, perfecting and condensing it to a thoroughly satisfactory method of treatment, which is appreciated by the thousands who are daily suffering from the vast number of troubles that visit the human family.

It is through ignorance that the people insist upon swallowing nauseous and noxious drugs in the hope of being cured and paying extraordinary prices for the privilege. Why do we suffer such drugs? It only becomes a habit not easily broken.

If you are a sufferer of chronic diseases, you have no doubt taken patent medicines and had prescriptions put up for years and cannot at this day state that you have received any permanent or material good from them or other cures which you may have tried. Your case is but one of the many hundreds and thousands.

No physician, either regular or a specialty practitioner, but will admit at once, that any organism suffering from diseases must have the cause removed before the disease can be destroyed and carried out of the system.

As day after day passes the system changes, like the seasons, and is in a less fit condition for the acceptance of noxious drugs which are prescribed year after year. It is at this juncture and age that Dr. Wood, after 35 years of experience treating the multitude of various diseases with unequalled success, offers to the people his latest and most improved methods which required years of studious labor to complete.

In his method which has proved such a wonderful, marvelous and beneficial one to health, is represented the three schools of medicine — Homoeopathy, Eclectic and Allopathy, together with the most stupendous and astonishing of all modern discoveries and sciences, magnetism and osteopathy.

To be thorough in the study of Up-to-date medicine and its appliances, and successful in the same, a perfect and complete knowledge of Phenology is requisite which Dr. Wood possesses. In the majority of cases, the regular physicians have not acquired the knowledge of Phenology which is one of the most essential attainments in the study of medicine, therefore Dr. Wood in his New Method of Treatment of diseases, can treat to a better advantage more skillfully and with superior results than any other physician, as his learning in this direction, like in all others, is of high and extraordinary character and ability. Through him many have entered wedlock in a state of complete happiness. For his advice given, he has received untold thanks from what were unhappy and suffering multitudes; though now the happiest of mortals.

With these schools and methods of wide-spread renown, Dr. Wood is also a Diagnostician and a thorough reader of human nature and character of great distinction and celebrity; being able to diagnose a case at a glance without asking a question, informing you of location and seat of affliction the causes, etc., in plain American language.

If desired, Dr. Wood will give you a private Phenological and diagnostic lecture on living; giving the many causes of disease and unhappiness. In his treatment he also instructs you how each medicine will act upon the system.

Having taken all of the above into his new method of treatment, he is enabled to treat with far more success than the regular and Specialty Practitioner, being able to prescribe any school or method as the case may demand.

It is an important truth and common sense that the methods combined and improved upon by him will reach and cure the parts effected when all other methods fail.

The causes of chronic diseases are deep down in the system as well as the mind, and cannot be removed unless the cause is located and the proper treatment secured.

All physical conditions are largely due to the mind. For example:—As a result of anger or petulance, we have inflammatory rheumatism. Fear and anxiety continued will produce incipient paralysis. Jealousy will cause an overflow of bile, and we have acute or chronic biliousness.

Continual petulance and irritability will bring on a train of nervous diseases which are readily amenable to Dr. Wood's New Method. His Method will prove of exceptional value to those effected with disorders of this nature.

Remember Dr. Wood has had 27 years of experience with all diseases with which the flesh is heir to, and prescribes his own medicines or methods as the case may require. As a Diagnostician, he is an expert unexcelled and without an equal in history.

All Chronic Diseases treated with remarkable success.

All Diseases of Women and Children made a specialty.

Painful menstruation speedily remedied.

Briefly: the diseases in which Dr. Wood's New Method has proved of unusual and singular service and benefit are the following: Catarrh, Diseases of the Throat and Lungs, Kidneys and Bladder, Cancers cured without use of knife; Epileptic Fits, Rheumatism, Neuralgia, Consumption, Asthma, Hay Fever, Gout, Nerve, Nerve and Brain affections; Dislocation of the Heart, Painful affections of the Bladder with difficult urination, specially cured Chronic Constipation, Dropsy, Paralysis, Erysipelas, Salt Rheum and all Skin and Blood Diseases.

The many Diseases of the Stomach quickly succumb to Dr. Wood's New Method.

His method treats the LIVER and promptly cures all the Diseases of that organ.

Diseases of the Eye and Ear treated with remarkable success.

All Weaknesses peculiar to either sex, no matter from what cause, promptly yield to the skillful treatment of his New Method.

**PRIVATE MATTERS STRICTLY CONFIDENTIAL.**

Do not do without Dr. Wood's New Method of Treatment. If you do your life is blighted. Make your husband or wife, home and little ones happy by at once procuring it. Other sufferers made well, why not you?

His New Method cannot be obtained of any other person or persons. Beware of imitations. There is but one Doctor Wood.

His method is like the gleams of radiant sunshine to the young and old, male and female, sick and suffering humanity.

Sufferers never regret making his acquaintance.

Dr. Wood's New Method insures love and a happy home.

He is the Guardian Angel of Health. Seek him and he will cure. Grasp the opportunity which will soon pass.

Your only chance for a long, healthy, happy and successful life now awaits you. Do not let your precious life go to waste when your dear little ones at home need your every effort for their future.

In obtaining health you make your children happy and open a way for their life.

By Request of his numerous friends acquaintances and the Afflicted, Dr. Wood has decided to visit Lima Sept. 3rd and can be consulted at the Lima House, Parlor No. 105. Take the elevator to 1st floor. Will remain six days, namely Wednesday 3rd, 4th, 5th, 6th, 7th, and 8th.

He can be consulted at the hotel Lima. Office hours from 8 to 12 a. m., 1 to 5 and 7 to 9 p. m., where he will be pleased to meet and talk with all who are unfortunate in dealing with any afflictions of whatsoever character.

**CALL EARLY AND AVOID THE RUSH,** as the Doctor's time is limited.

**Ivory and Climate.**

The American climate, with its extremes of heat and cold, is very trying upon ivory, and ivory backed mirrors of European manufacture almost invariably crack across the back after a few months of use upon this side of the Atlantic. The American manufacturers have hit upon the expedient of leaving a space between glass and frame in order to allow for contraction and expansion.

There are lots of people walking the streets who should be stuck on a pole in the middle of a corn field.

# SCROFULA

I bequeath to my children Scrofula with all its attendant horrors, humiliation and suffering. This is a strange legacy to leave to posterity; a heavy burden to place upon the shoulders of the young.

This treacherous disease dwells in the body and hinders the growth and development of the faculties, and the child born of blood poison, or scrofula-tainted parentage, is poorly equipped for life's duties.

Scrofula is a disease with numerous and varied symptoms; enlarged glands or tumors about the neck and armpits, catarrh of the head, weak eyes and dreadful skin eruptions upon different parts of the body show the presence of tubercular or scrofulous matter in the blood. This danger and stealthy disease entrenches itself securely in the system and the bones and tissues, destroys the red corpuscles of the blood, resulting in white swelling, a pallid, waxy appearance of the skin, loss of strength, a gradual wasting away of the body.

S. S. S. combines both purifying and tonic properties, and is entirely vegetable, making it the most perfect all scrofulous affections. It purifies the blood, makes it rich and strong, and a permanent cure is soon effected. Scrofula is the digestion and assimilation of food, and the blood and quickens the circulation, bringing color to the skin and vigor to the weak and emaciated.

Write us about your case and our physicians will cheerfully help you in every possible way to regain your health. Scrofula is skin diseases free.

**Crowd of Merry Makers Be-  
come Altogether Too  
Boistrous.**

"Jack the Peeper" is Again in  
South Lima, His Last Appear-  
ance Was on St. Johns Av-  
enue—Personals.

The wedding at Delphos, Saturday  
night of Mrs. Nancy A. LeLong to S.  
L. Lusk, was a great surprise to ac-  
quaintances of the contracting per-  
sons. The event was retained as a  
secret until Monday evening, when a  
crowd of young people assembled at  
the home of the bride on Reece av-  
enue, to give the couple a rousing re-  
ception. The barbaric custom was ob-  
served in all its enthusiastic details  
but failed to elicit a response from the  
objects of the special attention. Dis-  
appointed in their efforts to gain  
recognition merry makers began to  
bombard the house with a shower of  
stones. This disgraceful conduct con-  
tinued until Mrs. Lusk suddenly  
appeared upon the porch with a  
rifle in her hands. This demonstra-  
tion had the desired effect, the crowd  
quickly dispersing in amusing dis-  
order. At this juncture officer August  
Miller appeared upon the scene to  
complete the route of the obnoxious  
callers. Last night the "bellers"  
again visited the residence, but their  
conduct being unobjectionable they  
were considerably received. The  
newly married couple will make their  
future home at the residence of Mrs.  
Lusk on Reece avenue.

**The "Peeper" Again.**  
Some miscreant caused much alarm  
on St. Johns avenue Monday night.  
While Mrs. Missey was preparing to  
retire, she observed a man moving  
stealthily beneath the window of her  
neighbor, Mrs. Zullinger. Mrs. Massey  
was about to give an alarm when the  
sounder started over toward her  
home. She awaited her opportunity,  
suddenly opening the door to demand  
an explanation. The culprit was so  
completely surprised that he nearly  
fell from the porch in his effort to es-  
cape. The identity of the man was not  
discovered.

**School Begun.**  
St. Johns parochial school was re-  
sumed yesterday after the summer va-  
cation. The increased enrollment  
was greater than expected, nearly  
three hundred scholars being in at-  
tendance. The former corps of teach-  
ers of the community of sisters of  
charity, from Cincinnati, who estab-  
lished the school here last year, have  
been returned to continue the educa-  
tional work begun so auspiciously.  
A talented musical instructor has been  
added to the list of teachers. She al-  
ready has a large class. Rev. F. G.  
Rupert, principal of the school, as-  
sisted in the organization of the  
classes. He is greatly pleased with  
the prospects for a successful school  
year.

**Literary Entertainment.**  
Rev. G. H. Sims, of the south side  
church of Christ is completing ar-  
rangements for an interesting litera-  
ry program to be rendered at the  
church Monday evening, September  
15th. A number of children will par-  
ticipate in the entertainment. The  
musical talent of the church will also  
be given an opportunity to demon-  
strate their ability. One of the es-  
pecially interesting features of the  
evening will be addresses by a num-  
ber of prominent physicians, attor-  
neys and merchants of the city. The  
affair promises to be a rare intellec-  
tual treat.

**Church Picnic.**  
The Sunday school classes of the  
south Main street Presbyterian  
church, enjoyed an outing at McBeth's  
today. Parents of the children joined  
the merry throng. A pleasant picnic  
dinner was enjoyed.

**Forty Hours Devotion.**  
Rev. F. G. Rupert announces that  
the forty hours devotion will begin at  
St. Johns church a week from next  
Sunday. Rev. James O'Leary, of  
Cleveland, will assist Rev. Rupert.  
Clergymen from surrounding cities  
will also participate in the special ser-  
vices which will be elaborate.

**Returned From Zion.**  
W. A. Nungesser, of south Main  
street, returned this afternoon from  
Zion City, Chicago, where he went to  
escort home, his father, A. B. Nungesser,  
who has been residing here the  
past several months.

He had become largely interested  
in different enterprises in Zion City,  
intending to make it his home. Fail-  
ing health with a sad impairment of  
his sight decided him upon returning  
to this city where he will resume his  
residence on south Main street.

**Will Entertain.**  
A. C. Kiplinger, of west Kibby  
street, assisted by his wife, will en-  
tertain friends this evening at a pleas-  
ant "house warming."

**Engaged in Business.**  
W. H. Smith, of south Jackson  
street, who recently removed here  
from Ada, has purchased the barber  
shop of Jesse Hartzog. The pur-  
chaser has taken possession. Mr.  
Hartzog will leave shortly for Spencerville,  
where he will engage in other  
business. Last night the local mem-  
bers of the barber's union joined in a  
farewell event in his honor.

**Sold the Tent.**  
Rev. G. H. Sims, of south Pine  
street, today disposed of his large  
gospel tent to persons at Martins-  
burg. The church there has been  
renting the tent for some time.

**Foot Crushed.**  
William Person, of south Union  
street, had his left foot painfully

**INGLEDEUE'S SCHEDULE.**

For the convenience of our patrons we desire to call their attention to the following schedule upon which our wagons will run in the future. We hope in this way to overcome the objections of tardy deliveries. Those who wish orders delivered containing boiling meats, roasts, fish or lunch, will profit by watching the hours when our first wagons come their way.

**Wagon Schedule.**

West wagon leaves a. m. 8:30. 10:30	East wagon leaves p. m. 2:30. 5:00
West wagon leaves p. m. 2:30. 5:00	South wagon leaves a. m. 8:00. 10:30
North wagon leaves a. m. 8:30. 10:30	South wagon leaves p. m. 2:30. 5:00
North wagon leaves p. m. 2:30. 5:00	East wagon leaves a. m. 8:00. 10:30

Remember, any and all orders received after the appointed hour for our wagon to leave the store will not go forward until the next trip. Hoping this will prove the means of overcoming the cry of late orders, we are yours for the best and cheapest groceries in Lima.

## METHODS

## In Vogue at Lima Being Introduced.

Charles Richards is climbing into  
favor at Hamilton, where he went a  
week ago to fill the position of phys-  
ical director. He has started the gym-  
nasium and physical culture work  
much on the same plan as was in-  
stituted by Prof. Hardy and under his  
supervision the directors have added  
"hand ball" and "volley ball" to the  
list of indoor games.

He is working up a class of business  
men and will devote an afternoon  
twice a week to their muscular educa-  
tion.

It will not be long before the basket-  
ball season opens and Richards will  
no doubt pick a team for training that  
will hold out a challenge to the Lima  
champions.

## PHYSICAL CULTURE.

A physical culture craze has spread  
all over the country. Many women  
who have the time are taking it up. Some  
cannot do it because their household  
duties keep them busy all day. These  
would have more time to themselves  
if they would use Easy Task Soap, a  
pure white laundry soap which will  
clean clothing perfectly without boil-  
ing. It costs only 5 cents a bar at all  
grocers.

## NOTICE.

The Ladies Aid society of St. Pauls  
Lutheran church will meet at Mrs.  
Miller's in the country tomorrow after-  
noon. Those wishing to go will notify  
Mrs. Geo. Fisher, of east Market

## Used Tickets

That Were Printed For  
a LectureWhen He Ran Short on Day-  
ton Excursion Tickets  
Over at Ada.

John O'Brien, a Veteran L. E. &  
W. Passenger Conductor, Re-  
tires From the Service—  
Railway Notes.

Jack McCord, traveling passenger  
agent of the C. H. & D., is equal to any  
emergency as his many friends in the  
railroad world will testify. Recently  
a case occurred which proves the  
statement. It was at Ada, from which  
town Jack was running an excursion  
to Dayton. The crowd which appear-  
ed at the station on the morning of  
the excursion, was greatly in excess  
of the number of anticipated. All the  
book tickets in the possession of the  
local agent were sold and the latter  
was at a loss to know what to do, so  
he called the attention of Mr. McCord  
to the situation. The latter walked  
across the street to a drug store and  
asked the druggist if he had any cards  
of any kind. The druggist replied  
that he had a lot of old lecture tick-  
ets. Mr. McCord said that was just what  
he was looking for. He took them  
over to the station, stamped them,  
and sold them to the excursionists.  
Some of them were a little backward  
about taking them. But Jack insisted  
that they were good and they went  
with the conductor just like the regu-  
lar tickets.

## Old Conductor Retires.

John O'Brien, of Indianapolis, who  
has been a conductor for the Lake Erie  
and Western railroad since 1882, has  
made his last run. He employed a  
mathematician to figure up his runs,  
and the statement shows that since  
1882 the veteran conductor has traveled  
2,229,729 miles in the forty years.  
In all his traveling, Conductor O'Brien  
has never met with an accident that  
has caused him personal injury. He  
has accumulated a fortune in Indian-  
apolis real estate, which gives him  
an income of nearly \$10,000.

## Killed a Girl.

Pennsylvania train No. 20, struck  
a wagon on a grade crossing between  
Plymouth and Donaldson, Sunday af-  
ternoon and instantly killed Irene  
China, 7 years old. The father of the  
child was walking behind the vehicle  
driving some sheep, and in the seat  
with Irene was her brother, aged 10,  
who was driving. When they reach-  
ed the crossing, the boy saw the ap-  
proaching train and climbed out of  
the wagon to hold the horses by the  
bits, but became confused and allow-  
ed the animals to walk on the tracks  
just in time to cause the accident.  
Irene was thrown a considerable dis-  
tance and had the top of her head  
crushed in. The train stopped, pick-  
ed up the child and her half-brother  
father and took them to Plymouth.  
Mr. China is a farmer, residing near  
the scene of the accident. The train  
was in charge of Conductor Klitz-  
Klamm, with Engineer William  
Shadle, at the throttle of engine 16,  
which hauled it. No blame can be  
laid at the door of the train crew.

## Hiring More Firemen.

Road foreman C. R. Colney, of the  
Pennsylvania, is hiring a number of  
firemen, giving the men who pass the  
best physical and mental tests the  
preference. A bright and active  
young man who applies there for a  
position is pretty sure to be success-  
ful, but the dull and physically weak  
are not wanted. This is pretty near  
the condition in railway circles  
throughout the country. Only strong,  
intelligent and temperate men are  
wanted and as the opportunities for  
earning money and for advancement  
are better in railway work than in  
most every industry, there is no trou-  
ble to get men.—Fort Wayne (Sentinel).

## Vanderbilt System Expands.

The longlooked-for deal whereby  
the Vanderbilts have come into pos-  
session of the T. & O. C. and Hoising-  
ton Valley properties has come to pass  
and will be formally announced to the  
world at the meeting of the board of  
directors of the two roads concerned  
October 1, next. These two big pay-  
ing properties, connecting the Ohio  
coal fields with the lake, were pur-  
chased by the Morgan interests about  
a year ago and consolidated under one  
management. As the Morgan people  
owned vast holdings in Ohio coal

mines it has been declared that they  
would never dispose of the properties,  
but from high authority it has been  
announced down the line that the  
change is to be made. This of course  
means the betterment of the roads  
and their equipment, for that is what  
the Vanderbilts always do.

## A Traveling Man's Story.

The following story concerning the  
Muncie road and told by a traveling  
man is taken from the Bluffton News:  
"We were bounding along," he said,  
"at the rate of about seven and a half  
miles an hour and the whole train was  
shaking and rattling like the scales on  
the 15th century dragon. I expected  
every moment to see my bones pro-  
truding through my skin or find my-  
self on my head along the track. Pas-  
sengers were rolling from one end  
of the car to the other. I held firmly  
on to the seat, and did the best I  
could to keep my feet from cracking  
the back of my neck like a whip lash.  
Presently we settled down a bit  
quieter—at least, I could keep my hat  
on and my teeth didn't chatter.

"There was a quiet-looking man op-  
posite me. I looked up with a ghast-  
ly smile, wishing to appear cheerful  
and said:

"We are going a little smoother, I  
see."

"Yes," he returned, briefly; "we're  
off the rails now!"

## The One Regret.

Speaking of this new union depot  
built at Marion, O., the Mirror offers  
the following comment:

Although it cannot be denied that  
the new union station is a handsome  
structure, a credit to the city and a  
most decided improvement over the  
old buildings, there is one thing lack-  
ing there that the homely old Erie  
office possessed. The genial smile,  
the hearty laugh, the pleasant word  
for the weary traveler which Uncle  
Isaac Bigelow always had ready will  
be more great ticket purchasers.  
Uncle Isaac made himself immensely  
popular with the traveling public dur-  
ing his service as ticket agent for the  
Erie, and there are many who will re-  
gret that he is unable to continue in  
his old capacity.

## Along All Lines.

The Philadelphia bell team was  
among the passengers on the Wabash  
train which flung in the wreck at  
Perry yesterday, but the boys have  
been in worse straits and escaped un-  
hurt. The tracks were blocked and  
Wabash trains had to detour over the  
Lake Erie and Chicago & Erie roads  
to get into Fort Wayne.

C. M. O'Leary, superintendent of con-  
struction of the C. H. & D., has re-  
ceived for unloading, an iron bridge,  
which is to be put in place a few miles  
north of Dayton.

W. A. Morris, the present cashier of  
the C. H. & D. railway, will succeed  
A. W. Brown as agent at Findlay on  
and after September 10. Mr. Morris  
well deserves the position as he is  
qualified from a long experience in the  
business. His many friends will be  
pleased to learn of his advancement.  
Mr. Brown has been promoted to the  
agency at Hamilton.—Findlay (Jes-

## THE STAGE.

The author who wrote Sol Smith  
Russell's "A Poor Relation," is also  
the author of "A Jolly American  
Tramp," which comes to Faurer's opera  
house tonight. Scenes and incidents  
of life in a New England village with  
its heart aches and heart breaks, as  
well as the ludicrous side of life, will  
be shown.

"Florodora" famous as the most  
successful musical comedy ever seen  
in this country, and which enjoyed the  
distinction of having reigned con-  
secutively for more than a year and a  
half in New York city alone, has en-  
tered upon its second season as one  
of the high class attractions. To the  
lover of musical comedy, "Florodora"  
has been a most welcome visitor in  
each city visited during its single  
season outside of the metropolis, and that  
it is a popular offering, is fully demon-  
strated by the fact that today the  
many tuneful melodies are sung and  
whistled in all parts of the civilized  
world.

From a standpoint of scenic splen-  
dor "Florodora" has never been sur-  
passed and with its army of pretty  
girls, great singing principals and  
magnificent costume display it has  
justly been pronounced the musical  
comedy of the generation. The date  
of "Florodora" in Lima at Faurer's is  
tomorrow evening.

## JUDGE

Cunningham Not a  
Candidate.

## Refused to Run

For Nomination For the  
Supreme CourtBut Was Unanimously En-  
dorsed by Fourth Dis-  
trict Delegates.

Bryan Bowers Placed on One of the  
Committees at the State Con-  
vention—Val Lee Chosen  
Committeeman.

One of last evening's press mes-  
sages from the state Democratic con-  
vention said:

"It is likely there will be at least  
one ballot taken in the convention to-  
morrow, that on Supreme Court  
Judge. At present there are two  
avowed candidates in the field, Judge  
W. H. Cunningham, of Lima, and  
Michael Donnelly, of Napoleon, Judge  
W. T. Mooney, of Auglaize county,  
who was mentioned as a possible candi-  
date, came in today and laughingly  
declared that he was satisfied with his  
place as Circuit Judge.

At the meeting of the Fourth dis-  
trict delegates this afternoon a reso-  
lution to support Judge Cunningham  
for nomination was unanimously  
adopted. At the same time the dele-  
gates to the Fifth district convention  
were in session, and they were just as  
enthusiastic in declaring for Judge  
Donnelly. Some of the friends of  
Judge Cunningham were caught  
labeling with Judge Donnelly to get  
him to withdraw but they were at a  
late hour unsuccessful. Unless there  
is a deal fixed up in the morning it is  
likely that the fight will be carried to  
the floor of the convention.

Judge Cunningham, who is in this  
city and is not in attendance at the  
state convention, when seen by a  
Times-Democrat representative last  
evening, stated emphatically that he  
was not a candidate for the nomina-  
tion for supreme judge and added that  
he favored the nomination of Judge  
Donnelly, of Napoleon, who was a can-  
didate. Judge Donnelly was nominal-  
ly by the convention today.

Among the Fourth congressional  
district Democrats who received  
honors at the state convention were  
Byron Bowers, of this city, who was  
made a member of the committee on  
rules and order of business; R. B.  
Anderson, of Wapakoneta, member of  
committee on credentials; Charles  
Kloek, of Celina, appointed on com-  
mittee on permanent organization,  
and W. A. Brown, of Darke county,  
who was chosen one of the vice presi-  
dents of the convention.

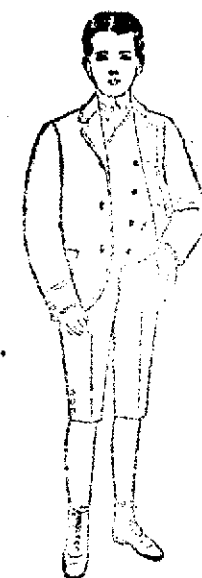

"We are all for anything," was the  
announcement of the war horse of  
Paulding, Senator William E. Decker,  
of that county, as he entered the  
arena at the state convention yester-  
day. He carried his usual store of  
Paulding county stories, which he dis-  
posed with a lavish hand. His  
right-hand companion was Congress-  
man John Snook, of the Fifth district.  
Senator Decker has strong hopes of  
cleaning out the Republican oppo-  
sition in the Paulding county court  
house, in which event there will be  
more hammy and stories to burn.

A dispatch from the state conven-  
tion to the Enquirer says:

"Memories of the famous contest  
for the congressional nomination in  
the Fourth district were revived by  
asserting Henry Gecko, of Auglaize-  
Harvey C. Garber, Adam Schaefer and  
Bob Anderson driving about town in  
an open hack. It was Auglaize county  
that kept further away from the nom-  
ination for weeks until Charles Ad-  
kins, the Allen county man, weakened  
and made his selection possible. The  
outfit attracted much attention as the  
sparking team whirled about the  
latest street.

Val Lee, of Sidney, who was chair-  
man of the Shelby county delegation  
during the Democratic congressional  
convention in which Hon. Harvey C.  
Garber was nominated for congress,  
has been selected by the state con-  
vention delegates from the Fourth dis-  
trict as a member of the state central  
committee. Hon. G. M. Saltzgarber,  
of Van Wert, is the member from the  
Fifth congressional district.

## A NURSE SAYS

Po-ru-na is a Tonic of Efficiency.

(READ WHAT WOMEN SAY OF IT.)

MRS. KATE TAYLOR.  
Mrs. Kate Taylor, a graduated nurse of prominence, gives her experience with Peruna in an open letter. Her position in society and professional standing combine to give special prominence to her utterances.

CHICAGO, ILL., 427 W. Monroe St.—  
"As far as I have observed Peruna is the finest tonic any man or woman can use who is weak from the after-effects of any serious illness."

"I have seen it used in a number of convalescent cases, and have seen several other tonics used, but I found that those who used Peruna had the quickest relief."

"Peruna seems to restore vitality, increase bodily vigor and renew health and strength in a wonderfully short time."—MRS. KATE TAYLOR.

## CLAIMS

To Have Been Assaulted by Thugs.

Ira Peterson, of Spencerville, Says He Was Knocked from a Cincinnati Northern Train.

A woman came to the police last night with the story of a man who had been assaulted by thugs on a Cincinnati Northern train. The woman, who is the wife of Ira Peterson, of Spencerville, Ohio, said that her husband had been knocked from the train and was injured. She said that she had seen the man being assaulted by a group of men and that she had tried to help him but was unable to do so. She said that she had seen the man being carried away on a stretcher and that she had seen the men who had assaulted him. She said that she had seen the man being carried away on a stretcher and that she had seen the men who had assaulted him. She said that she had seen the man being carried away on a stretcher and that she had seen the men who had assaulted him.

At the time of his story the assault took place at a point beyond the fair grounds. Peterson also claims to have been rendered unconscious by the fall and to have remained in that state for some time. When he came to he was out for help. He was given surgical attention by Dr. F. H. and Dr. C. H. Peterson is a man of powerful muscular development and appears his strength and strong enough to protect himself in any company.

Like That From an Iceberg

Struck Sidney

In Form of Republican Convention.

Mayor Rogers Had No Opposition When the Roll Was Called.

There Was No Enthusiasm, No Declarations and No Resolutions—Darke County Didn't Want Rogers.

It an ice man had strayed into the Republican congressional convention at Sidney yesterday he would have turned up his coat collar and declared he was in a liquid air factory. The convention was held in the cellar of the court house in a bare, comfortable room that was as barren of decorations as the assemblage was of enthusiasm. The chairs were nailed together in long rows and it was hard to tell which was most devoid of enthusiasm—the many empty ones or the occupants of the few that were not empty. The manner in which the brief proceedings of the convention were carried on reminded one of a wet blanket going through a clothes wringer.

For children the Sidney convention took the water. If ever there was a one-man convention the one at Sidney yesterday is entitled that unusual distinction and Mayor Rogers was "it." He was a delegate from Allen county, he was boss of the Allen county delegation, he was temporary chairman of the convention, was permanent chairman of the convention and, after he succeeded in throttling Dr. Kahle's aspirations, was the only candidate before the convention.

When the convention took a recess for the purpose of allowing the various delegations to select the members of the congressional committee the Allen county delegation was called and the clamps were put on Dr. Kahle's candidacy in short order Rogers had declared he was not a candidate for the nomination and finding no candidates from either of the other counties when he arrived in Sidney, Kahle supposed he had a right to make the race himself. He found no opposition and by the time the convention was called to order the word was passed around Sidney that Dr. Kahle, of Lima, a former member of the state board of health, was to be the congressional nominee. Then Rogers suddenly decided (what he and others had known for several weeks) that he wanted to be "it" himself. The delegation which was constituted by Bert Campbell, Ed. Adams, Sam Vertner, O. H. Odell, D. C. Richmond, and T. F. Davis endorsed Rogers and tendered the doctor a vote of thanks for withdrawing from the race in the mayor's favor. It was a rank piece of bossism that was handed to the doctor and as a consolation prize to ease his humiliation Rogers instructed the delegation to select him a member of the congressional committee.

The new Republican congressional committee is composed of the following members: Allen county, Dr. R. D. Kahle; Auglaize county, John L. Sullivan, of St. Marys; Darke county, E. C. Wright, of Greenville; Mercer county, C. S. Younger, of Celina; Shelby county, Dr. C. W. Harbour, of Anna.

The fact that the Darke county delegation was "leary" about Rogers' boasted ability to cut a figure in the big Democratic majority in the Fourth district was evidenced by the action of Postmaster Jones of Greenville, who made a gum-shoe canvass of Sidney before the convention met and tried to send up a balloon for David Oldham, of Sidney, as a candidate against Rogers. An effort was made to have the citizens of Sidney persuade Mr. Oldham to be a candidate and postmaster Jones interviewed some Democratic citizens and tried to get them to say they would support Oldham as the person if he should be nominated. Jones was told

that the Shelby county Democracy stood solid for Harry C. Garber, the Democratic nominee and as Mr. Oldham flatly refused to accept the nomination Jones was forced to accept the nomination of Mayor Rogers.

## MAH LU-LU

Promised to Leave Town and Was Released.

Lulu Washington, a colored woman who was locked up last night on a charge of being an all around "bad actor," was the most important prisoner in mayor's court this morning. She was given her choice between a voluntary departure from the city or a term of imprisonment in the Toledo work house and she cheerfully chose the former obligation.

Sand grown Potatoes 40c per bushel, at Smith's.

Every Item Full of Interest.

The Lima Dry Goods Co.

School Will Open Next Week.

ALL the last week in August, when trade is supposed to be in the doldrums, we had a big business. This week we expect to make another record breaker. While we mention but one item below which is especially of interest to mothers who would supply their children with necessities for school life, we have whole stacks of the very necessary articles which go to make a school girl happy. A pretty dress will do more to make that little girl of yours studious than would at first appear on the surface. And the cost of the proper materials is very slight. Certainly it would be a wise investment even if the cost were twice as much. Better think it over, and remember that we will offer all week and all season the most acceptable goods at the most satisfactory prices. And now we want to talk some more to you about those excellent suits and that lot of guaranteed taffeta silk we are offering at such remarkable prices.

## \$10 To \$18 Suits At \$4.98.

An enchanting atmosphere of style and newness always makes our suit department one of the most attractive corners in the entire store. But we are now in the midst of one of the greatest sales this department ever saw. When you take into consideration the fact that it is very seldom that you are offered anything in the suit line for less than \$10 or \$12 at the lowest, you will comprehend to some extent the great saving we now offer, you will see many benefits that may be derived from this sale. Just to think of these suits that would ordinarily cost you \$10 to \$18 at such a price as \$4.98. Made of cheviot and homespun in tan, grey, black and blue; the jackets lined with good quality taffeta silk or satin cut stylish in every line; the skirts with the latest flare or flounce effect—in all one of the very best suit offers ever made. And the price only \$4.98.

## \$1.19 Guaranteed Taffeta Silk At 79 Cents.

A stir in silks. The silk department was a-bustle yesterday. And no wonder. Who ever heard of guaranteed taffeta silks for 79 cents? No wonder that type can frame can speak with sufficient eloquence and force of the unmatched value found in this wonderful offering. This silk is backed by the guarantee of the manufacturer woven in the salvage of every yard, which in itself would be sufficient to make the price at least the usual one. But we have a large lot of this beautiful silk and we want to introduce it quickly. So we have marked it down to a price that all can afford to pay and will sell in at 79 cents a yard.

## One School Children's Item.

School begins next Tuesday and we have not forgotten that the little ones will be interested in tablets. We have a large lot of especially good tablets—100 of large size, ruled and of excellent quality paper, which we will sell at a special price. These tablets will go while they last for only 5 cents each.

**A Remarkable Record.**  
Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many millions of bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substances and may be given as confidently to a baby as to an adult. For sale by Wm. M. Melville, old postoffice corner.

#### Stomach Trouble.

"I have been troubled with my stomach for the past four years," says D. L. Beach, of Clover Nook Farm, Greenfield, Mass. "A few days ago I was induced to buy a box of Chamberlain's Stomach and Liver Tablets. I have taken part of them and feel a great deal better." If you have any trouble with your stomach try a box of these Tablets. You are certain to be pleased with the result. Price 25 cents. For sale by Wm. M. Melville, old postoffice corner.

You can nearly always coax a man to have more at the dinner table.

## IN OLD BAY STATE

President Roosevelt Puts In Another Busy Day.

CORDIALLY RECEIVED EVERYWHERE.

Philippine Campaign Discussed at One Point, in the Course of Which the Speaker Refers to the Difficulties That Confronted American Troops in the Oriental Archipelago.

Dalton, Mass., Sept. 3.—President Roosevelt took notice of his return visit to Massachusetts by delivering at Fitchburg another speech on the trust question in order that he might fully answer his critics and to more clearly define his attitude on this subject. He also launched into a defense of the army in the Philippines during his speech at Springfield. The impression had gone forth that any views he might express regarding the acquisition of territory by the United States would be coldly received, but the demonstrations of approval which greeted his utterances dispelled this idea. Frequent stops again were made and at each place the president delivered a speech. The Fitchburg and Springfield receptions were notable for the size of the crowds and enthusiasm which the people displayed. At Springfield the president said in part:

"Ladies and Gentlemen: The men who went to Cuba were your brothers, sons, kindred and neighbors. The men who served in the Philippines in the uniform of the American army have been again your brothers, sons and neighbors. Our destiny unexpectedly took us to the Philippines. I don't suppose any of us, when you and I, my comrades, went down to Cuba, thought much of the Philippines and did not know much about them. I did not. When we got there we found that we had a job to do and we did it. (A voice: "That's right, and did it well.") And did it well, yes. That's good, and much more. We have no apologies to make for it. Our soldiers in the Philippines have been attacked because occasionally one of them did something wrong. Wherever it has been possible to find them out the offenders have been punished. And I ask you, when they blame overmuch Uncle Sam's men in blue, fighting for their lives against a treacherous foe in the heart-breaking work of jungle warfare, if our critics remembered, in speaking of the occasional shortcomings of the men who did wrong under the stress of such terrible temptation, that we are not altogether immaculate at home. I would be sorry to have any one of our cities judged by the record of its police courts. Occasionally soldiers in the Philippines did wrong, but on the whole the men who for three years in those islands have followed the flag of the United States, have added a new page to the honor roll of the nation."

**Trouble In Flat Top Fields.**  
Bramwell, W. Va., Sept. 3.—The situation in the Flat Top coal field is extremely critical, and the skirmish between the strikers and the guards at the Pocahontas Colliery company's mines, after the firing of the mine by the strikers, has greatly enraged the miners, from the fact that a number of their side were severely injured. Adjutant General Baker, who has been in this section for a few days looking over the territory, has left for other fields, informing the operators before he left, however, that he thought the presence of the militia unnecessary at that time. The outbreak, however, will probably cause a change in his mind, and it is thought here that before tonight troops will either be in the Flat Top region or en route. The Pocahontas Collieries company have the fire in their mine practically extinguished, but that company has doubled its force of guards, as another attack is feared any hour. Many shots have been fired from ambush toward the direction of non-union mines going to and from work in the Flat Top field. The Elkhorn region is very quiet, no violence having been reported from that section.

**Democratic Campaign Book.**  
Washington, Sept. 3.—The Democratic congressional campaign book has made its appearance. It is a volume of 384 pages, the major portion of which is devoted to the discussion of imperialism and trusts, 240 pages being given to these two topics, 115 to the former and 125 to the latter. Upon the title page is the Democratic slogan, "Equal rights to all, special privileges to none." The volume opens with the platform of 1900 and the resolutions adopted by the Democratic members of the house at the their conference June 19, arraigning the Republican party for failure to give relief to Cuba and to enact proper anti-trust legislation. Then follows an extended criticism of the Republican campaign book, many of the statements contained therein being challenged as to accuracy, especially those dealing with the trust question.

**Reported Terrible Wreck.**  
El Paso, Tex., Sept. 3.—An unconfirmed dispatch comes here from Chihuahua that a terrible wreck took place on the Mexican Central near Bernalillo. Many persons are said to have been killed in the accident and the injured list is long. Local officials can not confirm the report.

**Sawmill Burned.**  
Santa Cruz, Cal., Sept. 3.—The sawmill of the High company was destroyed by fire. Loss \$100,000.

We have noticed this: the bigger the circus, the more sense the agent has.

## TO MOTHERS

Mrs. J. H. Haskins, of Chicago, Ill., President Chicago Arcade Club, Addresses Comforting Words to Women Regarding Childbirth.

"DEAR MRS. PINKHAM:—Mothers need not dread childbirth after they know the value of Lydia E. Pinkham's Vegetable Compound. While I loved children I dreaded the ordeal, for it left me weak and sick

for months after, and at the time I thought death was a welcome relief; but before my last child was born a good neighbor advised Lydia E. Pinkham's Vegetable Compound, and I used that together with your Pills and Sassafras Wash for four months before the child's birth;—it brought me wonderful relief. I hardly had an ache or pain, and when the child was ten days old I left my bed strong in health. Every spring and fall I now take a bottle of Lydia E. Pinkham's Vegetable Compound and find it keeps me in continual excellent health."—Mrs. J. H. Haskins, 3248 Indiana Ave., Chicago, Ill. — \$5000 Refund if about testinial is not genuine.

Care and careful counsel is what the expectant and would-be mother needs, and this counsel she can secure without cost by writing to Mrs. Pinkham at Lynn, Mass.

### "IN A BAD WAY."

Many a Lima Reader Will Feel Grateful for This Information.

When your back gives out. Becomes lame, weak or aching. When urinary troubles set in. Your kidneys are "in a bad way." Doan's Kidney Pills will cure you. Here is local evidence to prove it: Mr. A. J. Councilman, a boiler maker, living at 726 south Elizabeth street, says: "There was a constant, heavy aching pain through my loins with frequent sharp twinges if I brought any strain in my back. Doan's Kidney Pills had so greatly benefited others in Lima that I decided to try them and procured a box at Melville's drug store and used them. They helped me promptly and effectually." ## THOUSAND PERISHED

During the Latest Eruption of Dread Mount Pelee.

OVER FIFTEEN HUNDRED INJURED.

Two Towns and a Fertile Valley Were Destroyed by the Volcano's Vomit—Temperature on Martinique Unbearable—Northern Parties to Be Evacuated.

Bassee Terre, Island of Guadeloupe, French West Indies, Sept. 3.—It has been learned from the gendarmes of the island of Martinique that 1,000 persons were killed and 1,500 injured during the latest eruptions of Mount Pelee. According to an official account the eruption of Aug. 30 was one of the most severe that has been experienced. Morne Rouge and a great part of Ajoupa Bouillon were destroyed. The zone between the river Capote and the valley of Champ Florie and Fonds Marie Reine has been devastated. Mount Capote suffered severely and the hills around Bassee Terre were burned. The governor of the island is arranging for the evacuation of the northern parishes and the removal of the wounded. The temperature at Martinique is reported to be almost unbearable.

**Soufriere Active.**  
Kingstown, St. Vincent, B. W. I., Sept. 1.—A remarkable volcanic phenomenon occurred here Saturday night. There was a startling series of detonations from La Soufriere, louder than any since the terrible eruption of May 11. Each explosion shook the buildings of this town. The noises were terrific and gave the impression in every town and village of this island that the scene of disturbance was only about two miles away. During the period of intense anxiety which attended the detonations two luminous circles, like rainbows, appeared in the cloudless sky to the northwest. They were presumably the reflection of the flames in the flames in the crater of La Soufriere. Subsequently a dense cloud of steam arose from the crater, but this soon dispersed.

### POSTPONED

Has Been General Miles' Departure For the Philippines.

Washington, Sept. 3.—A change has been made in the plans of Lieutenant General Miles as announced last week. It was expected originally that he would leave on his tour of inspection of the Philippines today, and sail from San Francisco on the transport Thomas on the 16th. The pressure of work in his office at present is so great, however, that he must be not be able to leave Washington before next Wednesday. General Miles has called a special meeting of the army board on ordinance and fortification for Sept. 9, at which time it will begin the preparation of its report and recommendations upon the subject of the new field gun for the army.

### Chose to Be Shot.

Salt Lake City, Sept. 3.—Peter Mortensen, the condemned slayer of James R. Hay, was sentenced to be executed Oct. 17. The laws of Utah give condemned murderers the privilege of choosing between hanging and shooting, and Mortensen, when confronted with this grim choice, elected to be shot. Mortensen was deeply affected and protested his innocence.

### Platt Says Strike Is Over.

New York, Sept. 3.—Senator Platt refused to give any further information about his statement of several days ago that the coal strike would be ended in two weeks. "I stand by the statement and I knew what I was talking about," he said, "but I can't satisfy your curiosity any further just now."

### Whipped by a Woman.

Pana, Ill., Sept. 3.—Mrs. John Lippe horsewhipped William Hogan, a coal miner, on the street here, asserting he had made false statements injurious to her reputation. Hogan claims to be innocent. A lawsuit may result.

### Small Strike.

Pana, Ill., Sept. 3.—Three hundred men at the Penwell mine are out on strike. The cause is said to be the discharge of J. W. Jones, a popular employe. The company claims the strike is unjustifiable.

### Aged Woman Killed.

Wooster, O., Sept. 3.—Mrs. Cool Snyder, 75, blind and delicate, fell down a flight of stairs at her home near Fredericksburg and was killed.

### THIS AND THAT.

### Owes His Life to a Neighbor's Kindness.

Mr. D. P. Daugherty, well known throughout Mercer and Sumner counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhea; was attended by two physicians who gave him little, if any relief, when a neighbor bearing of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours.
